**DEM 100 SIT –IN TEST**

**2022/ 2023 FIRST YEAR**

**SEMESTER TWO**

**TIME : 1 HOUR**

***ANSWER ALL THE QUESTIONS***

Q1. Youth identity is closely associated with their sexuality explores and exploits. Consequently, there is a worrying trend of new HIV infections among the youths in Kenya today. As a student of DEM 100 HIV and AIDS prevention and management, you have been tasked with the responsibility of designing a road map that will promote behavior change among the university students in MMUST hence prevent the spread of HIV in the university. Siting relevant strategies, discuss the strategies you will employ in the prevention plan. 10 marks

Q2. HIV / AIDS testing and counselling alongside awareness programmes are expected to help in the prevention and management of the pandemic. In your own opinion, discuss how effective and ineffective the MMUST support and protection activities related to HIV are. 10 marks
